

# Van Halen

Skegss

Life's not all smooth sailin'  
It can be dark like Van Halen, Halen  
You can't be happy all the time  
Sometimes you just gotta cry

Know, just know  
You're not alone

Know, just know  
You're not alone

Know, just know  
You're not alone

Know, just know  
You're not alone

Life has a price you just gotta pay it  
Everybody lies just that we don't say it  
It's a battle to [?] but you don't have to race it  
Just embrace the ride and slowly taste it, face it  
You'll make it

Know, just know  
You're not alone

Know, just know  
You're not alone

Know, just know  
You're not alone

Know, just know  
You're not alone

Know, just know  
You're not alone

Know, just know  
You're not alone

Know, just know  
You're not alone

Know, just know  
You're not alone
