

Death to All Nations

Skelator

"In the name of Skelator
By the Elder Gods of Metal
Death by the Iron Hand!"

Hypocrisy, democracy: means all the same to me
Christianity, blasphemy: it's all a false decree
Socialism, communism: the dream will never be
Imperialism, fascism: it's all we can achieve

It's the end of our world, by the hands of entropy
Our plan is unfurled, by our lord and majesty

Death To All Nations... Death to hypocrisy
Death To All Nations... It's the end or humanity

We kill, we conquer
Destroy all nations
Defy religion
Forget all lies

By the Elder Gods of Metal it was written in the stars
A prophecy was spoken, echoing forevermore
It's the end of our world, by the hands of entropy
Our plan is unfurled, by our lord and majesty

Death To All Nations... Death to hypocrisy
Death To All Nations... It's the end or society
Death To All Nations... Death to hypocrisy
Death To All Nations... Destroy humanity
