

## Eternal Hatred

### Skeletal Remains

I am empowered by your disdain  
This path of lies you've chosen  
Will consume your cowardice ways  
Twisted is your mind  
Believe the tales in which you preach  
Hatred controls you  
Your strongest trait is human leech

Below me  
All you seek is the acceptance of the weak  
Deceiving  
Thriving off your delusional fantasy  
Unworthy  
The only threat you pose is upon yourself  
Above all, I will remain  
Your withered ego you shall retain

And now your world is falling  
Swallowed by your worthless ignorant ways  
Through the looking glass, you see yourself astray  
In eternal hatred you'll remain

Bow down and beg before me  
Destroying all your worth  
I've lost all sympathy  
I feel nothing  
No pain nor sorrow impeding me  
Your lack of self-awareness  
Fueled by your useless greed

As you fall, now a shell of ones self  
(Eternal hatred)  
I turn my back to thee  
(Eternal hatred)  
Deprived of the life you once possessed  
(Eternal hatred)  
Destroyed by your own greed

And now your world is falling  
Swallowed by your worthless ignorant ways  
Through the looking glass, you see yourself astray  
In eternal hatred you'll remain

I am empowered by your disdain  
This path of lies you've chosen  
Will consume your cowardice ways  
You are nothing but a feeble mind of insecurities  
Weakness betrays you, ignorant to your own hypocrisy
