

Illusive Divinity

Skeletal Remains

Lords we call to thee
Praise beyond our rising sun
All from land to sea
Hail to thee Almighty Ones
Reign upon your throne
Under false salvation
Blind with faith we follow
To our own extermination

Lords not of this earth
We serve to you
Enslaved at birth
Deceive with honor and grace
True intentions to kill human race
Take hold our body and soul
For you ancient ones
All life forms controlled

Sacrifice and decimate for pleasure
Mutilate and torture to an extreme measure

Illusive divinity

Beings divine control the mind
Harvesters of all
Powerless we fall

Lords not of this earth
We serve to you
Enslaved at birth
Deceive with honor and grace
True intentions to kill human race
Take hold our body and soul
For you ancient ones
All life forms controlled
Fallen what have we become?
Illusive divinity, evolution undone

Sacrifice and decimate for pleasure
Mutilate and torture to an extreme measure
