

# Reanimating Pathogen

## Skeletal Remains

Widespread rise of the undead  
Condemned with the lust for flesh  
Outbreak of flesh crazed atrocities  
Threatening human existence

Infectious bite slowly killing  
Transformation into mindless beings  
Abominations with a urge to feed  
Spreading their undying disease  
Perpetual infection of death  
Resurrected corpses ascending from the grave

Reanimating pathogen  
Roaming lifeless plague of death  
Reanimating pathogen  
Enthralled upon the human race

Overwhelmed by the decaying stench corpses  
On the hunt to devour and consume  
Inescapable annihilation of the dying race  
Isolated clusters of survivors remain

Reanimating pathogen  
Roaming lifeless plague of death  
Reanimating pathogen  
Enthralled upon the human race
