

Seismic Abyss

Skeletal Remains

Terrifying seismic waves unpredictable natural disaster
Manifesting displacement of the ground
Engaged of the sudden motion of tectonic plates

Powerful collisions strike from the edges of the sea
A ticking time bomb buried deep below the earth
Violent shakes tremble the ground
Underwater tremors causing mega tsunami's
Oceanic disturbances

Rising from the depths
Striking without warning
Monster waves unleash hell on earth
Rising a thousand feet ready for death
With unparalleled power a catastrophe threat
Natural disaster brings you to your death

Terrifying seismic waves unpredictable natural disaster
Manifesting displacement of the ground
Engaged of the sudden motion of tectonic plates
Converging upon another
The cause of powerful quakes
Altering the seabed resulting in a series of waves sudden loss
of life
Bodies and debris
A sea of mass destruction
Is all that's left to see

Massive ruptured faults causing erecting waves
Paroxysmal movement a seismic abyss

Rising from the depths
Striking without warning
Monster waves unleash hell on earth
Rising a thousand feet ready for death
With unparalleled power a catastrophe threat
Natural disaster brings you to your death
