

Verminous Embodiment

Skeletal Remains

Fate is sealed through sick perversion
Born of incest, this vile abomination
Destined to decay internally
Living a life of deformity

Inhuman form
Grotesque and nauseating
Chained to the floor
It's brain deteriorating
Locked cellar door
Restraints left mutilating
Twisted and torn
The pain excruciating

Forever scorned
Continued mass inbreeding
Defaced and deformed
Impure bloodline mutating
Forever scorned
Forbidden lust of the despicable
Defaced and deformed
Paternal sins so unforgivable

Verminous embodiment

Sadistic, they revel in ghastly behavior
Hidden secrecies away from light
Fate is sealed through sick perversion
Born of incest, destined to decay

Wretched, this spawn of filth
Putrid malformed entity
Horrid, slave to the grave
Riddled with disease

Torment, prisoner of hate
Condemned to eternal suffering
Morbid, feral existence
Everlasting depravity

Perverse obscure creation
Harrowing misery
Diseased emaciation
Hideous pale monstrosity

Foul demented odious beings
Ritualistic indecency

Inhuman form
Grotesque and nauseating
Chained to the floor
It's brain deteriorating
Locked cellar door
Restraints left mutilating
Twisted and torn
The pain excruciating

Forever scorned
Continued mass inbreeding
