Cause I know real niggas ain't perfect  
Said you know real niggas ain't perfect  
Said I know real niggas ain't perfect  
Perfect niggas ain't real  
So I just keep my cash right and say fuck how haters gonna feel  
Cause I know real niggas ain't perfect  
Said you know real niggas ain't perfect

It goes real niggas ain't perfect, perfect niggas ain't real  
So I just keep my cash right and say fuck how haters gon feel  
Cause man I was born real and gonna die real  
You gotta stay down, that's how I feel  
Can't be worried about another nigga  
No, I just worry bout my bills  
And I'm livin life to the fullest  
Trigger finger itchin bitch then I pull it  
Got me a 4-5, 19-11  
With 4 metal jackets for these bullets  
I done did everything that you couldn't  
You might sail out but I wouldn't  
And if the rap fall out then it's traps all out  
Bring the pots back cause I'm cooking

And it go real niggas ain't perfect  
Perfect niggas ain't real  
Man ain't one rapper in the game right now got a half a ticket with no deal  
See I don't fuck with niggas cause that shit weak  
Besides dirty drinkin ain't shit sweet  
Snake niggas wanna go behind your back  
Just like the past repents pistol pete  
And these little niggas that be dissin me  
Let nina sing to you, no symphony  
To keep it 100 I got old money  
Now put it on yo head and you're history  
You can't fuck with I, not physically  
Not mentally, you ain't shit to me  
Money talks and bullshit walks  
So you broke niggas just don't mention me and I

They say trill niggas just working  
I'm supposed to bitch  
Real niggas ain't perfect  
But I'm close to it  
Coast to coast, where your focus at?  
Big up the coach and niggas stole from that  
Where yo soldiers at? Where yo hoes is at?  
All my niggas in tracks but all my hoes in check uh  
Thought I told you that  
DMV, you know we on the map  
P.I.M.P they callin me cause all the H.O.E.S is calling back uh  
Now we like em, love em and leave em man  
You heard big brother's CD

Now we both stay skeming  
I'm out
