Red dots for the head shot
Yeah the boy kinda short but the bread not
And I fly through the bench, I'm a fuck till I'm rich
I'm a give her that dick and a finger, ho look
Like hell I'm supposed to do with all this work?
I'm a need a kick stand for all this purp
Back when you tumbling papers in trash
I was pushing something foreign, 2-20 on the dash like

Purse worth bands so it's only right I got it

If your money work magic, my pussy do tricks
Getting million dollars out of rap like it's Mossie bitch
Got 'em going down under on some Aussie shit
I'm the baddest bitch, boy no argument
And if you ain't with that business then who are you with?
If I'm ridin would you know that I could change your life
But don't be going dubbie dubbie tryna change my name
Cause I'm on the top floor where the feelings ain't allowed
If the Igg do it big tell me how you love me now
New classic

My suspicion niggas always snitchin'
And that's why I never be around niggas

Best kept secret, I speak it with no debate
They say you got it first, getting love and lover's hate
So even if you don't know shit you know it's straight
My brother had a case and he did that time
And I am my brother's keeper so his problems is mine
