Now that we turned 2Bunny  
Everyone wan' turn 2Bunny  
Mind where the shit there's funny  
Love the fans and I love my money  
It's like ever since Diligent  
Everybody wan' scream, "Diligent"  
Lickle man, you're just killing it  
Shut your mouth, you're not diligent  
Now that we turned 2Bunny  
Everyone wan' turn 2Bunny  
Mind where the shit there's funny  
Love the fans and I love my money  
It's like ever since Diligent  
Everybody wan' scream, "Diligent"  
Likkle man, you're just killing it  
Shut your mouth, you're not diligent

Yeah my bro's doing skrr, skrr (skrr, skrr)  
Try mock their diligence  
I start billing it  
Link my bros and we lurk  
I don't give two fucks 'bout you  
You move like bitches, I'm beefing skirts  
AM he wants that noddy; no lotion  
That shit there's, ergh  
Old school days I was broke  
I was just out there drilling shit  
The broski told me to chill  
Make these Ps, start getting rich  
You move, you're an opp  
No way we're cool  
You're just killing it  
Spin-spin ting is mad  
Any opp that man see  
Man just filling him  
Ain't no joke, man's on drilling him

I was in the block tryna sell them fractions  
Then got the bird, cah the gun just landed  
Big.45 hands on a mad 'ting  
Long dot-dot, size of a javelin  
But wait, I heard you're down for the action (rah!)  
My bros are known for guns and they're active  
2 shots en route to tear through your fabric  
Active, active  
Brixton, Baghdad  
Bludclart veteran  
SW9, bludclart resident  
Catch him, catch him  
No one ain't left for him  
Energy, energy

Wetting him, wetting him  
Bang-bang anywhere, gangs, that's Taliban  
Whack man's face if he try put his hand on man  
That's how you know he ain't diligent  
Put him in the bun like cinnamon

You lips that hoe, mad  
Sip on my tea, start billing it  
Thinking back to the day when we caught my man  
And we could've just finished him  
But that's another case we don't need  
I'm tryna be out here living it  
I laugh, it's a fucking joke  
Remember you're shook at bigger fish

Ha, idiot  
See the fours and the crash-we're killing it  
Bad for the girls and you're bad for the internet  
Like a man like me won't intercept  
Like a man really lost his intellect  
Like the corn in the four can't interject  
Like the wolf in the pond won't fish 'em up  
And I stretch man down like a fishing net  
(Du-du-du-du)
