

Back 4 Back

Skengdo x AM

Man I back my bros man I don't care who's wrong
Size don't matter
Big.45 make a big man stagger
Xin Zhao, Xin-Xin
Man it's who she does
No trace...
I am AM. I am badder
Gyal too bad one drop with a hammer
Who made this?
JB made this

Skengdo with the shades, boy better know
Said he's gonna get me, boy didn't show
See a bunch of crashers on Vassal road
Got some new things pinned in the heavy load
Yeah I got your mate bet you didn't know
Oh shit you was there, swear you didn't blow
You find one can't ever start giving blows
Man I hold it as bow cause I'm getting old

Niggas know me AM or Ace
I'm smokey, I blaze skengs, I blaze weed
Red niggas trap-trap in AC
I'm on beef, I'm on beef, I'm on beef
And any nigga, any nigga that's on me
Can hold corn that's strictly above knees
I ate dem, my screws gone to country
Copped skengs, the sawn-off some moneys

Flavours, yeah I smoke it a lot
Certain man will go broke tryna smoke what I got
Cookie kush bud, throw it straight in the pot
The venue let's you smoke trees cah it helps with my job
You don't want war you just chat like a thot
Yeah I really get paid rapping life on songs
In my account, draw it out, buy a mop
But you wouldn't know that cause you're an average don

Twin ting no gloves, you can get yourself touched
Better never get bucked
When you're lonely
Couple niggas in the cut
We was digging in the mud
Now I'm digging in her guts all slowly
Any nigga on the set get a bullet in your neck
I won't pull it on the net
Cah I'm boasty
Now I'm sitting on the funds
Couple youngers on their ones
And I'm giving them the guns like Kony

I sip a Tango not Rubicon
Spot a yute on the k like who's the don
And I don't really wanna go have to move to don
But a opp is a opp, I'mma roof the don
Man I back my bro I don't care who's wrong
Xin Zhao, Xin-Xin

Man it's who she does
No trace like I didn't see the don
I'm way too smart, I just creep on dons

Size don't matter
Big.45 make a big man stagger
I am AM I am badder
Gyal too bad one drop with a hammer
I'm sitting in the back-back
Hammer on my lap-lap
Pussy on the left so I'm passin' it to Rat-Rat
Tell a man slap-slap
Windows down, hand brake nearly rat-rat
Man could never lack-lack

If a man slip, get touched up
Skengdo but-but
Late night dududu-bow, what the bumba?
Give a man all of that smoke like a rasta
Late night in the T
Nitties getting drugged up
Finna cut the middle man out
Wheres the plug cause?
You could get whooshed for
Doing all that k stuff
Old school, yeah I used to chill with the K1's
Now they getting sprayed up

Man I bopped up
Digging up, digging up grub
Now I shot dat double T
Very hot stuff
On me but you know I got love
For the 'dads
And I put it on mums
 Fucked up now you cuffed up
Bludclart likkle.22
Goin' bop-bop
Buck shots turn it X6 to a tuck-tuck
Corn lift man 5 ways up to Loughborough

Man I back my bros man I don't care who's wrong
Xin Zhao, Xin-Xin
Man it's who she does
No trace, no blanks
Didn't see the don
I'm way too smart, I just creep on dons
Size don't matter
Big.45 make a big man stagger
I am AM. I am badder
Gyal too bad one drop with a hammer
