

# Doing Up Map

Skengdo x AM

Wagwan for this neek?  
Bad B too menacin'  
Back this elephant, touch your skeleton  
Money come first  
Touch your skele-  
Not LA bro, I went Turkey too  
Went there, do crash  
Man ah do me, follow no fash'  
I was in STK with Annabelle  
She was like-  
Free SlapIt, slap it at you  
Free SlapIt, slap it-

Money come first  
If not, then I don't understand  
I still put the 'matic on burst  
When business gets out of hand (skkrt)  
Scribble, scribble a signature (Bow)  
That's red card doing [?]  
Crash, crash with a fitness yeah  
Scan for a witness there  
Killed a Medusa  
Beat a man down like boo-ya  
Naghz got down like Ned  
Two hands down in a hoover (Na)  
Like, what do you mean?  
Two twenty thirds when I turned sixteen  
Jakes said he know about my history  
Do it for free for my bro Asznee  
Nuttin' but love in this family tree

Back that, hit that, do it again  
That .32 corn might ruin your friend (dududu)  
Never backed my shank on innocent men  
Civilian step or spin it on them (bow, bow)  
Funny how feds don't pin it on them  
They pin it on us, won't give it a rest (dududu bow)  
Talk about trust, I'm feelin' her breast  
And sendin' her home to sit on your bed  
Ay, first time doing up caramel  
I was in STK with Annabelle  
She was like OMG, what's happenin'?  
I was like KMT, you jezebel  
How many man's been in your genitals?  
But the CRB weren't credible  
And the help they need is medical (edible)  
Cah the corn they ate weren't edible

Wagwan for this neek?  
Word, I heard he's bashin' his meat  
Peak, man don't talk about me  
Got that drop but your finish is weak  
See, yeah, it did leave two scratch  
Know it's peak in the London streets  
Yeah, your botty is whack  
Never ask man, tryna sting man like bees  
Verbal, I'm sick and tired

It irritates man like a bunch of flees  
Diligent twins, they step on the one way  
Hella man pushing their friends and flee (dududu bow)  
Caught my man, he denied his friends  
And the best mates [?]  
Why did you lie to me?  
Don't be frightened of me

Doing up map, doing up cash  
Went there, do crash  
Man ah do me, follow no fash'  
Diligent bop, militant rock with pam  
Fill it in mops, spin it if cops on man  
Bring it, spin it on blocks, it's mad  
Man ah just rap and dash  
Man ah just rap and dash  
This hammer just sound like I crashed two vans  
Man ah just rap and brass  
Lean and shoot or do it no hands (Lean it)  
True I might tap, man trap  
Live in the flesh and the gun like Flash  
They had to free up Crash  
But they just gave nine to Slap (Free 'Slap)

Push that work, just get it in  
Though, it might seem long like pelican  
Bad B too menacin'  
Back this elephant, touch your skeleton  
Like, them man weren't resilient  
Now, when I push it in, girls say brilliant  
Come this way my minion  
Man's in the crib, Westwood, Vivian  
VV's lookin' like millions  
Now she wanna shake my spear like William  
And the corn won't bang, you idiot  
'Cause he got awkward head like Phineas  
Peng ting, attitude hideous  
Half Ghana, half Libyan  
Man tried come here militant  
Now I gotta fight some wars like Gideon

I was abroad when I got that news  
Not LA bro, I went Turkey too  
Skeng does knees if you got that food  
Free SlapIt, slap it at you  
Ugly nigga and I'm still rude  
She's still on me and she calls me cute  
Ay bro, I think it's the lifestyle  
Cah all of them loving my crew  
Been plottin' on coppin' a madting  
Won't spend a madting on shoes  
The next time I cop me a pair of Loubs  
When I shh-shh one of them yutes  
Yeah, Skengdo, he's just a rapper  
I hear that from all of these dudes  
Everyone screamin' out why you so rude?  
Dip man 'til the blood turn blue

Everyone screamin' out why you so rude?  
Dip man 'til the blood turn blue  
'Til the blood turn blue
