

Don't Care

Skengdo x AM

What's the matter with you?
I've been tryna get in contact with you
It just seems like you don't care
Don't care

She's moaning at me sayin' that I don't care
Babe, I do care, when it's P's, I'm there
My apologies, know this life ain't fair
If I had no spreads, bet you wouldn't come near

Never been bruck in my team, that's rare
One-two drip, kind of love DSquared
Jewellery on me, wants a matching pair
True say she holds it down, so I go fly there
Doin' up tours, gotta shell these shows
First for the money, man you move too slow
If you violate me, I move sticky like 'Bo
Skeng's tryna change, tryna come off these roads
Brown sweet one but she's tryna do loads
She's grabbin' my pole then she's givin' me shh-shh
I won't go there 'cause I think that you know
Believe it's so good, got me curlin' my toes
Talk about me, put respect on my name
Down for the P's, for the P's, I'm not late
Been a fat head, yeah, I wake and bake
How you claim you're real but you really are fake?

She's moaning at me sayin' that I don't care
Babe, I do care, when it's P's, I'm there
My apologies, know this life ain't fair
If I had no spreads, bet you wouldn't come near
She's moaning at me sayin' that I don't care
Babe, I do care, when it's P's, I'm there
My apologies, know this life ain't fair
If I had no spreads, bet you wouldn't come near

Baby come 'round, let me pattern it up
I know your pum-pum's tight, let me fatten it up
Never know 'bout love, still addin' 'em up
You didn't want me back then, now it's catchin' a bus
Chat dem ah chat, start backin' it up
Heard black don't crack, man's whackin' it up
All the boy dem chat, they ain't badder than us
On the block like tramps, it's scatty as fuck
Now she wanna come home to the kid
I'm gettin' her a cab 'cause I know what it is
I've never seen one that's badder than this
Some man are just chat, they ain't gonna like this
Ting in the back, man's givin' her that
See the ting on my lap? try [?]
I know you're gonna hate me 'cause I'm missin' a nap
But it's bigger than that and I'm still in the trap

She's moaning at me sayin' that I don't care
Babe, I do care, when it's P's, I'm there
My apologies, know this life ain't fair
If I had no spreads, bet you wouldn't come near

She's moaning at me sayin' that I don't care
Babe, I do care, when it's P's, I'm there
My apologies, know this life ain't fair
If I had no spreads, bet you wouldn't come near

Can you do me a favour?
What is it?
I need a little skit for the tape
A what?
A skit, I'm recording you right now
Don't record me
Why?
Sorry, I don't understand
Just say, Back Like We Never Left, you know the ting
Say what?
Back Like We Never Left
Back Like We Never Left
Back Like We Never Left, make sure you go check that
Back Like We Never Left, make sure you go check that
