Blood just spilt on my trainer, manna done run if I back this razor
Razor, razor, [?] the block to get tape up
Shave a man with no shaver
Goody peng without makeup
When the doors of the 4-door buss, four dem cut when they saw it was us
Dilligent men do dilligent stuff, resilient gyals give brilliant uck
Stop, block this melatin gun (fryer), that one bigger than us
Old school, drilling on buss, ten toes no dingers on us
How you gonna abuse the man and back the oui-oui when we start shooting, man
Pissed that we said we would lose a man, and now you on drill tryna prove to man
Free GP tryna roof a man, he gave the opp boy one super bag
Have 8 Ks in England, they must have come from Jerusalem

And, he knew how the feds come snooping, duss him out go somewhere far
Cut dem a chat dem man love talking, skengs and rambos up in the car
And, you know who we are, hey, licking dem shots from far
When I need me a drop, stop with the strings, gonna find out where you are (I will)
