Things on things, yeah we lurking  
Stuff them things in the bag, we're serving  
Money coming in from the music ting  
Don't watch that man a mans still learning  
Saw man and he didn't do a thing  
Countless times tryna leave him with the nurses

Can't wait till we all live lavish  
Doing up veggie, turned man cabbage

Again and again he'll slap slap slap it

Anything green get what, stop chatting

Ri Ri got the girls all working  
Work mans face with the [?] curtains  
She don't wanna go home till morning  
No lotion, so a jimmy's important  
Girls say I look better in person, stop flirting  
Gotta give her that warning  
I don't know why they won't stop whoring  
Oh well, we can never get boring  
Said they're on AM, oh really?  
In the flesh fam you won't come near me  
If I backed my sword, Leonidas  
Man hear what I say like Siri  
Chip shop, finna end up in TV  
Shoulda got Bagel or McD's  
I'm never online don't @ me  
Two litre hand ting with batteries  
Man I don't back that dotty  
Mad joints get wet, I ain't talking about noddy  
It weren't waist up, so you didn't do it properly  
And if you lack, you deserve to get bodied
