Een prijs op je hoofd
Die mannen zijn grappig net Ernie
Mij laat je niet lachen, ik ben niet op grappen
Ik loop met die Mac geen Bernie, word G
Of m'n white G catch hem dirty
Hij is savage hoeft geen perky
En je handen omhoog en daarna op de grond
Maar ik zweer je doet geen burpy

Be careful who you're sendin' for, the corn come live like Heather
Don't act up, we'll let it rain, no way you can stop this weather
Oi, take man's cheese and cheddar
Bust man's head and I'll show man tekkers
Dem man dere just cap for the uni girls
But they wanna go on like drillers

It's alright if you don't want problems
I wouldn't beef me either
War ain't cheap but we doin' it often
I could get round there, some' minor
How many girls gonna say that they love me?
Then they lie, tryna say that I'm finer
'Cause I'm up, they forget that I'm ugly
And because I'm a selfish niner

Fuckin' fibbers
Them man there not ready
Hella teeth, boutta trim up like dinners
Look, half of my team in jail
Roads and that, and my team still winnin'
Skengs and rambo's out
Who's about?
Let's go fishin'

The thing just crash in the weirdest place
The boy dem ran off and left their mates
And that's just suddin' I cannot rate
Wait, let me get this straight
You hang with guys and you know they're fake
How many Ls can a person take?
Better sign out, it's late
