

Think Again 2

Skengdo x AM

Came to your block, everybody run
Verbals long, man a get bun
Look at the score, score that's nuts
Talk on the net, forehead rubbed
Got me some grub and I built me a line
Used to move Qs, now I re-up on 9s
Out door late and I'm wizzing all the time
Bruckback there, give a fuck about a knife
Them cold days when I didn't have nothing
Girl used to bop, now the girl just suckin'
Skeet in the eye, give a fuck about fucking
Amm to the lung, not chesse that I'm bunning
See 4 man but the man just running
You say you see me, see me and T-Face coming
Abz yeah he's a savage will one bang done him
YAMz he's nuts so shave man's cousin
Shave man's cousin (dudududu)
Do man dirty (bow, bow)
Dem man moist (dem man, dem man are neeks)
Dem man nerdy (wassim)
Us man drillers (dudu bow)
Us man certy (gang, gang)
She said she wants Sparkz (gang, gang)
Say Sparkz is worksy
Shave man's cousin (dudududu)
Do man dirty (bow, bow)
Dem man moist (dem man some neeks)
Dem man nerdy (wassim)
Us man drillers (DUDU, bow)
Us man certy (us man certy)
She said she wants Sparkz (gang, gang)
Know Sparkz is worksy

Not into the talking, just set it
Was me in the night with the gang
It's like the faggots forgetting
Lurk where I can, I lurk with the gang
And anybody crew get wetted
Skengdo known as a legend
Dip my man is dem bredrin
He asked me for the beef, get deaded
Now I see my man on snaps
Throwing up signs, man shoulda left him
Know why I'm coming back
Move one bird do it's a best ting
Ring trap get bread in
Got jakes on my back, dogs smellin'
They want me and the gang where the cell is
Free nine, TS and steggy
Like I just phoned broski
I told him I want them packs
The location is all lowkey
You best think again my dargs if you think I move far for my pokey
Or even a smokey
Bare ammi over here, real smokey
410 bagdad that's OC
Kick down doors, best give it up

I don't give a fuck
Said he went to bust his shot
Man just shaved up the rassclart mug
Fuck all the 4s, everything mad
You get jook jook in your head
You won't think again you mug
You best think again you mug

Kick down doors, mine I don't kick down yours
Free S9, please come home
Free up the guys, free up the bros
Free up the pum, give her the bone
Fuck all the feds, leave me alone
How are these bitches calling my phone
Kick down doors and run up in homes
I'm tryna help, listen to me
Come off the road, come off the streets
Bill up a line, go get some bread
Go feed your kids, then come and beef
Niggas are broke, niggas are neeks
Run up the road, look at my feet
You're 38, double my age
I'm in the trap, double your pay
I don't wanna hear what man has to say
That ain't your skeng man put it away
That ain't my friend get out the way
6 foot deep, man digging my grave
OT trips like kway, kway
Man get twist like nae, nae
OT trips like kway, kway
Man get twist like nae, nae
Must've run from the dotty
Must've run when you see man come
I was in the car with dotty
How you scream onsight gang
When you ain't queffed nobody, funny
Funny
Heard you put a monkey on Zanotti's
Should'a put a monkey on a shotty
Dickhead
