## Skept

Sitting at home, watching tv weren't paying the bills  
Played a lot of [?] every Saturday and Wednesday hoping that I win so  
me mills  
All I had was a black phone, pool table and a few musical skills  
Trynna make money in a place where everybody's looking for deals  
I was a little man with a mouth full of stones watching the olders pl  
ay Jenga  
I only had Dubs and everybody else had Scream and Benger  
Responsibility of the oldest child trynna feed each family member  
So sitting at home making love to my princess weren't on my agenda  
[?] but I told her I'm out there trynna find some cells  
I stoped showing her love so she got on the first train to London and  
went off the rails  
Started to party all the time in the West End eediot girls  
It was only a matter of time before she had sex with somebody else  
I got money in the bank now but when I came back it weren't the same  
Telling me stories I don't wanna hear bout crazy nights and cocaine  
You would've thought that she was getting money for everytime she sai  
d a ex-boyfriend's name  
But I guess that's the price I payed for a little piece and a big cha  
in

Babe, I'm here again  
I tell you I'm here again  
Where have you been?  
Babe, I'm back again  
I tell you I'm back again  
Where have you been?

I picked myself up now I got self made tatoo on my skin  
I'm the kind of man that won't play the game if I ain't gonna win  
Sometimes I feel like I threw the perfect relationship in the bin  
But I'm a big man with facial hair and a beard so I take it on the ch  
in  
If I could turn back time and make it all right, God knows I would  
Cause no matter how much I do now, I feel like I'm not doing as much  
as I should  
It's like the meaning of life for a women is to make a badboy turn go  
od  
That's why there's so many old school G's under the thumb and single  
mums in the hood  
I've seen karma part 1 & 2 now I'm just waiting for the sequel  
Crazy nightmares are one of my old cats trying to stab me with a need  
le  
My dad phoned me last night and told me that money's the root of all  
evil  
I told him in this day and age money's the only thing that's motivati  
ng people  
It's funny how I woke up early in the morning trynna chase the queen  
But slept on the perfect girl chasing a dream  
I don't know why I keep lying to myself this slay will never be clean  
I wanna talk to her about it but for now I just settle with a answer

machine

Babe, I'm here again  
I tell you I'm here again  
Where have you been?  
Babe, I'm back again  
I tell you I'm back again  
Where have you been?
