

## Expensive Talk

Skepta

I just got back off my UK tour  
Sold it out in a month, now the people are telling me they want  
some more  
Logan came with that exclusive grime you ain't heard before  
Then me, P Money and Dirty came and turned it into a nuclear wa-  
r  
After the show jump on the tour bus, a little bit of brandy, a  
little bit of green  
My life is like a movie and any place I go I'm making a scene  
It's so funny how them man are so moist but they ain't got crea-  
m  
That's why I keep on grinding until my pockets are fatter than  
ceelo green  
Now I'm back in the hood surrounded by fake people I can't trus-  
t  
Wake up in the morning pissed off wishing I was back on the bus  
I tell these fake Gs come and test a mainstream MC and see if I  
don't bust  
I'll come to your block and squeeze on your spot until I see pu-  
s  
Too many little men wanna be the big bad boss but my niggas do  
the firing  
They wanna put the heat to my tee but my niggas do the ironing  
Police don't wanna see another black man in the chart but I kee-  
p on climbing  
Ten million views on WorldStarHipHop, nigga I'm smiling  
That's me in Miami on Ocean driving a drop-top Mustang  
Dressed in black smoking the green, drinking the purple I'm the  
murkle man  
Laughing all the way to the bank, when I got there, took out tw-  
o and a half grand  
Yellow bandana around the queen's head fam this is the money ga-  
ng  
See I was that guy on Deja 9 2 3 mixing on the roof  
Only North London team on the station moving loose  
I put my bag down took out my CDs and picked up my juice  
Took the scores out my mouth but I had a bit of cling film stuc-  
k in my tooth  
Fast forward to two-0 double-uno, I'm still in the game  
Top 20 album ended a year I'll be doing it again  
And if you think them man over there are fly then I must have m-  
issed the plane  
Duty free, Sunglasses Hut getting some new Versace frames  
I pray for a safe journey then I let nature take it's course  
My passport wanted a new tattoo so I booked a flight to new yor-  
k  
Me and my niggas in Philippe Chow's getting busy with a knife a-  
nd fork

Gotta meet some chicks on 65th so fuck driving, we might as well walk
