All we know is get up and go (Ha)
And my palms are itchin'
Girl if ya down with me, let a man know (Ayo)
I can sell bread to a baker
Was out in the cold, tryna sell a man snow (Mm)
Stayed down 'til I came up
Tryna be the main character the second man blows
I didn't wanna sit on the couch and just talk (Ha)
Nah, bro this is the Letterman show
Blud, I'm impatient (Boaw, boaw, boaw)
And I never play games, even when I was on the PlayStation
This bad one sent me her location
I'm in the trap baby, I ain't on a vacation
I need a hundred M's, I don't need one around me
Unless they on the same vibration (Nah)
I do business, robbin' skets, I paid jewels [?] run ya' on a rotation
I'm straight off the runway, back on the school run (Skrt)
Which car do I drive, gotta choose one
Little one, think she's in Frozen, singin' "Let It Go"
When we ride in the Tiffany, blue one
I know I'm on the top five rapper list
But who's the number one? Dad, I'm the new one (Ayy)
They wanna see me on tour, I might do one
I feel the people in the crowd like

Epo moto jangrova (Fuck, fuck), epo moto jangrova (Yeah)

Izgaaaju 'til we kpeme, Antiworld gangsters

Na the same boys wey dey cause kata-kata (Ayy)
Who dey weigh? Na the chain we go submit (Ayy)
Big Smoke on agbada, ta lo compete

Slippidy-sloppy, she loves to please me
NATIVE, na the gang they wan impeach (Baow)
Oya, I go service my pumpy (Grrt)

Just swing by on a back and forth for a quick sixteen in my size sixteens
Oi (Yeah), big old African man with a big wide nose, and I still look clean
Versatile, I go bust my verse in Pidgin and you still defo know what I mean
(Uh-huh)

And I own this ting (Oi), so I no dey steal no scenes
A is a minor, I move like a major, I'm runnin' my tings from the back of my
car

Got people that love me and people that hate me
And both of those people they know I'm a star (Ayy)

I like it that way, and I like who I am
And I'm makin' the money, so watch from afar

Whether in London and whether in Lagos
My brothers and sisters, they know who I am
