

# Lay Her Down

Skepta

You're telling people you don't like me  
We don't kill this, never make a sound  
All money get beside me  
Shoot that motherfucker down  
It's 30 ladies and she likes me  
But she love that beating around  
So when I see her  
I swear to Jesus

I'm a lay her down, lay her down  
I'm a lay her down, lay her down  
I'm a lay her down, lay her down  
I'm a lay her down, lay her down  
I'm a lay her

Don't need to say you love me 10 times  
I can feel it in the air  
I just wanna be yours every night  
And you can be my Jesse well  
Dreams of this queen inside my bedroom  
Wearing nothing but a crown  
Oh when I see her  
I swear to Jesus

I'm a lay her down, lay her down  
I'm a lay her down, lay her down  
I'm a lay her down, lay her down  
I'm a lay her down, lay her down  
I'm a lay her

Uh, get fresh then I step back  
Beat the red button crip yea  
So many girls around, yell around  
You with a fuck, it was queue profound  
Down down down down down I lay er  
If my girl a Buffy then I slay er  
And if the judge, girl my dick like KT  
Purvey then they after John Layer  
I sweat to Jesus, no pieces  
I cut to bullshit, no pieces  
We're both finna whistle and flip this now  
Fuck yo, but kinda risich  
Young and so now we in the set  
Got the man them on deck  
Put the gyal to move here  
AMG livin, cruise damage on the M  
One when I come vrum vrum

I'm a lay her down  
I just wanna feel her skin  
Against mine  
If it's the last thing I do  
I swear to... I swear to Jesus

I'm a lay her down, lay her down  
I'm a lay her down, lay her down  
I'm a lay her down, lay her down

I'm a lay her down, lay her down  
I'm a lay her

I sweat to...  
I sweat to...  
Yea, I sweat to Jesus  
I'm a lay her down
