I like the way she walk in the Prada  
¿Cómo te llamas?  
Don Julio y marihuana  
I'm tryna take you to your nirvana  
What's the occasion?  
Every day's a celebration  
When you come from the Gaza  
Don't worry 'bout who's gonna pay the bill  
Baby, de nada

I like the way she walk in the Prada (Yeah)  
¿Cómo te llamas?  
Don Julio y marihuana  
I'm tryna take you to your nirvana  
What's the occasion?  
Every day's a celebration  
When you come from the Gaza  
Don't worry 'bout who's gonna pay the bill  
Baby, de nada

Every day's my birthday, I need a piece of cake  
Mamacita looking like a figure-8  
I see the hook, I still bit the bait (Trust)  
Good pussy keeping me awake  
Got them big racks, make the milkshake (Shake)  
And I don't discriminate  
Boy, if she's a snack, that's a dinner date (Sexy)  
She knows that I'm the suavequito (Ha)  
I don't care 'bout the fame, this life is a game  
And I got the cheat code (Mmhm)  
I play it in greaze mode (Greaze)  
Jump in the Rollie, got the wheels spinning like I'm in a casino  
Back to the crib, I'ma shoot a movie, I'm on my Tarantino  
Grip on your waist, look in your eyes and I kiss on your face  
Tell me how you feel, your secrets are safe  
Told her 'bout the pain and she can relate (Mmhm)  
Let's turn up the heat, break the ice  
Uh, she wants to stay the night  
Supposed to leave the city in the morning  
Looking like I gotta change the flight

I like the way she walk in the Prada (Eee)  
¿Cómo te llamas?  
Don Julio y marihuana

Eh, cuál es tu nombre, dime, dímelo  
Que pa' conocerte vine  
Te vi tan sola que no me aguanté, por eso yo intervine  
Vamo' a hacerlo real, no hace falta que te lo imagine'

Dime mami, quieres que te guaye  
Pero calladita porque no hay que dar detalles  
Tú te haces la fina pero tienes calle  
De aquí no me voy sin que con un beso me calle, calle

Dale, dime mami, quieres que te guaye  
Pero calladita porque no hay que dar detalles  
Tú te haces la fina pero tienes calle  
De aquí no me voy sin que con un beso me calle, calle, yeah
