Trust, here comes trouble
I make it rain
Look at the size of the puddle
You're fucking with big dogs
You little Jack Russell
When I'm in the dance
They calling me Mr Muscle
Because I clean up
Trust pass me the broom
I'm feeling kinda sexy
I got the va-va-voom
All eyes on the star when I step into the room
I see a buff ting
Merhaba nasilsin
Boom famalam, she was heavy
A pretty face ting looking like Katy Perry
But something was telling me she had way too many
And I don't wanna catch a case all over a jezzzy
I told them already
I don't care what it cost
Fireworks on the Goose bottle for the boss
Everybody's watching her but she never stopped
She making her bum tick tock like it's a clock
I had to tell her

Ah yanar dner, a-acayipsin

Yeah, here we go again
I poured her a drink
Told her to say when
That's my nigga KJ
Introduce him to your friend
You want an autograph?
Pass me a pen
This Turkish delight was a devil in disguise
Every time I turn around she's talking to other guys
But who they attracting with that line
What's your name?
What's your size?
Before I bought the Goose she was already moving loose
I see a lot of man in here
Trying to speech her but she disappears into thin air
They look left, look right, look at me
See her biting on my ear
And they're thinking it isn't fair
And now man are looking at me like I'm shook of 'em
I ain't shook of 'em
I just don't wanna look at 'em
I wanna look at her
I grabbed her right arm

Whispered in her right ear
