

## Time

Skepta

Child, yeah  
C'mon now  
I wanna see y'all move  
Don't be afraid, just do what you do  
Y'know what I mean? Yeah  
Just like that, keep that shit rockin'  
Ain't no sittin' down, get yo ass up  
It's time  
I said it's time  
I said it's time, motherfucker  
Yeah  
You gotta be shittin' me with them moves  
I need you goin' harder  
Woah  
Ladies and your fine asses  
I wanna see you workin' too  
Just enjoy your time  
Relax your mind  
Tonight I just want to be free  
Yeah

Time  
Time  
Time  
Time  
Time will tell  
Time will tell it all  
Nobody wants their time wasted  
I don't want my time wasted  
Time is precious  
Ha-ha, yeah, fuck, yeah  
Time is precious and, um  
I don't wanna lose no time  
Time heals wounds  
Time could heal you, yeah  
Ain't no sense in wastin' time now  
Don't waste my time  
Just dance

Time
