

## Two Plus Two

Skepta

Like one two three four  
Four one over the top more  
Listen  
They call me S.K.E.P.P.Y  
I got the whole game open  
Niggas in jail listening to Logan  
Dwight just had a free  
Came home looking like the black version of Hulk Hogan  
Now us man are moving smoothly  
You man are still moving bookie  
Triplets Junior and Lukey  
Keeping it real cause this ain't a movie  
They wanna know why I'm always angry  
Why I need a machine like a factory  
I told them watch this;  
Can you see that?  
Exactly  
I can't make nobody jack me  
I make a man run around like an athlete  
Meridian come follow me

Me and my mandem are making paper we don't care about you  
Wanna kill him better kill me too  
It's so easy like two plus two

I told them when I get started I won't stop  
I cleaned up with a broom and a mop  
Now I got IBS on my intestine feeling like it's tied in a knot  
It must be all the champagne  
I'm a dan like Mark and Zane  
Heavy weight champion so you know how to get Frank Warren on my album campaign  
A lot of moneys exchanged in accounts  
Stupid amounts  
All your cheques are like a basketball  
They bounce  
You man are air like Michael Jordan  
Better still you man are like Rodman  
Big shout to my niggas in Tottenham  
That love me like they love Game in Compton

Me and my mandem are making paper we don't care about you  
Wanna kill him better kill me too  
It's so easy like two plus two

I already told the Meridian are gonna last longer  
But you thought your team was stronger  
So I gotta start slapping MC's in the face  
E-Honda  
It's the return of the monster  
Boy Better Know is the team I sponsor  
Them MC's won't last in a war  
Better put more nail varnish on your conker  
Caution!!!  
It's a North London extortion  
I put a 2 inch hole in the organ  
Get away quicker than Flash Gordon

Chipmunk on my CD Walkman  
I been doing this since Adidas torsion  
Still sitting here thinking what would it be like if she had the abortion

Me and my mandem are making paper we don't care about you  
Wanna kill him better kill me too  
It's so easy like two plus two
