

# Run

## Ski Mask The Slump God

Ayy, ayy, ayy, ayy  
Ayy, ayy, ayy, bitch  
It's Doktor Avalanche  
Huh, huh, huh...  
Water!  
Yuh, ayy  
Okay

Think I'm on the Animal Planet with this snake belt buckle  
But, it the Gucci, so don't you dare chuckle  
Not a mechanic, but this tool might clutch it  
No chicken nuggets, but my sauce been busting  
Bitch, it go harder than when Chris Brown krumping  
No no, bitch, it go harder than bread crumbs in the summer  
How much of gas do you burn like a hummer?  
Okay, how many bitches you made wet like a sauna?  
Bitch, my feet no Morty, but Rick Owens  
Scary side posted like scarecrowin' (wet!)  
I'm at yo' head like a hair sew in (hair)  
Hide-and-seek, where is your hairline going?  
Make the AK sound like some titties I motorboated  
Can't bite my sauce 'cause it's poison coated  
My flow get you going like locomotive

Run motherfucka, run motherfucka, run  
Run motherfucka, run motherfucka  
If there's anyone to fear up under this damn sun  
In this god-forsaken land, then he is one  
Run motherfucka, run motherfucka, run  
Run motherfucka, run motherfucka  
If there's anyone to fear up under this damn sun  
In this god-forsaken land, then he is one

Yuh, made me sick  
Keep one eye at 'em like Slick Rick  
I'm buggin' out like an insect  
Fingers on his bitch like Tech Deck  
Her mouth on my wood like go fetch  
Fox on my feet, my coat mesh  
Head scratch, how much is that?  
It cost a living like human head, umm  
I'm gone like the wind, high like Peter Pan  
Cut like Mr. Clean, but I'm in his head  
Like serial killer, I murdered again (bitch)  
But only the track; it's my favorite sin (water!)  
So that's how you know that this song not your friend  
Consider it evil, and this is the end  
But when in your nightmares, I reappear again (ayy)

Run motherfucka, run motherfucka, run  
Run motherfucka, run motherfucka  
If there's anyone to fear up under this damn sun  
In this god-forsaken land, then he is one  
Run motherfucka, run motherfucka, run  
Run motherfucka, run motherfucka  
If there's anyone to fear up under this damn sun  
In this god-forsaken land, then he is one
