Bygone

Skiibii

Wah-hmm
Yeah
(I love this SK Baddest beat)
So, I don't roll with fake niggas, huh
I keep it real, 100
Skiibii mayana (oh-wooh-woah)
Oh Skiibii mayana (oh-wooh-woah)

Let bygone be bygone
Fires in my mind just like dragon
Whatever happen yesterday is far gone
Niggas wants me to stop, so, I ride on
So, I put my swag on
AP on my wrist, 60, 000
When I come around, they put the lights on
So much killers out here, so we bygone

I keep it real
I don't care what you feel (yeah)
I just wanna chill
Livin' a better life
I'm gettin', gettin' deals
Eatin' some better meals
Some like Benny Vills
Nigga's all clean
Never to be caught unfresh, I know that
Pull up on a brand new shit, I told that
No school, no swag, you know say I owned that
Give my fans brand new winnin' (brand new winnin')
I love my life, just want live
I'on keep no malice, I'on do no grieve (yeah-yeah, yeah)
I don't want no trouble
I don't want no beef (oh-yeah, yeah)
What's gon' be, yeah, is gon' be

Let bygone be bygone
Fires in my mind just like dragon
Whatever happen yesterday is far gone
Niggas wants me to stop, so, I ride on
So, I put my swag on
AP on my wrist, 60, 000
When I come around, they put the lights on
So much killers out here, so we bygone

I'on wan' no trouble, just wanna live life
I too safe niggas, so, I don't switch sides
Heartbreak make some niggas suicide
Before you rap my shoes, check your show size, yeah
Rap from my day one
Still the niggas switch like a million
When I was in school, I'm always A1
Now, I'm on the street, I keep it A1

I love my life, just want live
I'on keep no malice, I'on do no grieve (yeah-yeah, yeah)
I don't want no trouble
I don't want no beef

What's gon' be, yeah, is gon' be

Let bygone be bygone
Fires in my mind just like dragon
Whatever happen yesterday is far gone
Niggas wants me to stop, so, I ride on
So, I put my swag on
AP on my wrist, 60, 000
When I come around, they put the lights on
So much killers out here, so we bygone
