

Destiny

Skillet

Is there a place where I
Could leave the world behind
And say goodbye to every painful memory
Where darkness ain't my destiny
This is my destiny
This is my destiny

Is this the life that you want?
I don't ever wanna feel this way
'Cause this is the life that you got
And no one else can ever take your place
I can't
I can't
I won't
I won't
Go down this road
It leaves me lost
I'm lost
Alone
Alone
How did I get so far from home?

Is there a place where I
Could leave the world behind
And say goodbye to every painful memory
Where darkness ain't my destiny
I run and cross the line
I'm free of all the rage I thought would never leave
This darkness ain't my destiny
No
I make my destiny
No
I make my destiny
This is my destiny

Is this the life that you made?
It's getting harder to tell who I am
It's time for your life to change
Even if you don't think you can
I can't
I can't
I won't
I won't
Just lose myself
I've got so far
So Far
To go
To go
Just show me how to get back home

Is there a place where I
Could leave the world behind
And say goodbye to every painful memory
Where darkness ain't my destiny
I run and cross the line
I'm free of all the rage I thought would never leave
This darkness ain't my destiny

No
I make my destiny
No
I make my destiny

Pushing 'til I put the pain away, get away
Pushing for the way but they cannot break me
Living like I'll never be afraid, not afraid
This is my destiny
Pushing 'til I put the pain away, get away
Pushing for the way but they cannot break me
Living like I'll never be afraid, not afraid

Is there a place where I
Could leave the world behind
And say goodbye to every painful memory
Where darkness ain't my destiny
I run and cross the line
I'm free of all the rage I thought would never leave
This darkness ain't my destiny
No
I make my destiny
No
I make my destiny
No
I make my destiny
No
I make my destiny
This is my destiny
