This is the Kingdom

Skillet

This is the kingdom, kingdom
This is the kingdom, kingdom

Everybody's building empires
Building walls high
In the name of glory
Everybody's hanging high wires
It's a fine line
It's an age old story

The first will be last
And the last will be kings
The small will be great
And the great will be weak

Everybody's building empires
But it's our time

This is the kingdom
Heaven coming down
To the corners of the earth
This is the kingdom
Come alive in us
Gonna light up this whole world
This is for freedom (freedom)
Freedom (freedom)
To break off every chain
This is the kingdom

Blessed are the bound and broken
You're a citizen
And your faith will prove it
Blessed are the persecuted
And the wounded
You'll be crowned as rulers

The first will be last
And the last will be kings
The small will be great
And the great will be weak

This is the kingdom
Heaven coming down
To the corners of the earth
This is the kingdom
Come alive in us
Gonna light up this whole world
This is for freedom (freedom)
Freedom (freedom)
To break off every chain
This is the kingdom

Forever (forever), forever (forever)
Everything else is gonna fade away
It stands forever (forever), forever (forever)
Everything else is gonna fade away

We stand together (together), together (together)
One heart, one voice, one name
It stands forever (forever), forever (forever)
Forever

This is the kingdom
This is the kingdom, kingdom
This is the kingdom

This is the kingdom
Heaven coming down
To the corners of the Earth
This is the kingdom
Come on, line with us
Gonna light up this whole world
This is for freedom (freedom)
Freedom (freedom)
To break off every chain
This is the kingdom
This is the kingdom

This is the kingdom, kingdom
This is the kingdom, kingdom
