

Rise From Any Grave

Skiltron

I am the nightmare of your life
The one that you can't help avoid
So know i'm coming for you
Cause that's what I've got to do
I am the pain you feel within
The thing that crawls beneath your skin
I have my eye on you!

You have come on to our land
We will fight to keep you out!

I can rise from any grave
Always fight protect and save
When running free I'm a killing spree
Watch out for my blade it's coming your way!

Free runners of the night
Will you choose to fight or flight?
And whatever you decide will always end in blood
We weren't always born to kill
I don't just do this for the thrill
There's evil all around so we'll put you in the ground!

I can rise from any grave
Always fight protect and save
When running free I'm a killing spree
Watch out for my blade it's coming your way!
