Hell no, damn, give me some money
Hell no, damn, give me some money

I might eat a little pussy but I don't kiss ass
Good insurance on the whip, the Hellcat I just crashed
Heard you fuck nigga free but girl that pussy was trash
Damn, that PPP long money gone, that was fast, shit
In a foreign whip with a foreign bitch
Bad bitch, red hair, red fucking lipstick
New fucking socks on my ankle with the new kicks
Blocked my old bitch yesterday, today a new bitch

This the remix from the glorilla
Ice on my wrist, got my hands 'bout to shiver
Put the dick in, it went right past her liver
All this fucking drip, you would think it was a river

Bitch, I-D-G-A-F about you
'Cause what you wanna do another bitch gonna do
And you must be a G-O-O-F-Y
If you think I'm 'boutta kiss your ass, baby bitch die
Bitch, I-D-G-A-F about you
'Cause what you wanna do another bitch gonna do
And you must be a G-O-O-F-Y
If you think I'm 'boutta kiss your ass, baby bitch die

Hell no, damn, give me some money
Hell no, damn, give me some money
Hell no, damn, give me some money
