

# Alive

Skindred

I learned something for myself  
No bother with the trouble and strife  
The vibe what you give sets me alight  
Alight, alight, alight  
Hype energy in ah de place we must survive  
Using all we got inside  
If your heart is beating you're alive  
Yes, you're alive

You touch me and I feel like I'm alive

Life, no we can't we start it again  
No I never could could ah do that my friend  
Now keep your fist pumping once again  
'Cause we're alive, alive, alive  
Hype energy in ah de place we must survive  
Using all we got inside  
If your heart is beating you're alive  
Yes, you're alive

You touch me and I feel like I'm alive  
You touch me and I feel like I'm alive

So what you waiting, what you waiting, what you waiting for  
So what you waiting, what you waiting, what you waiting for  
So what you waiting, what you waiting, what you waiting for  
I'm ready to go, ready to go  
So what you waiting, what you waiting, what you waiting for  
I'm ready to go, ready to go

You touch me and I feel like I'm alive  
I'm ready to go, ready to go, ready to go  
You touch me and I feel like I'm alive  
Nobody holding me back, you better watch my flow

So what you waiting, what you waiting, what you waiting for  
I'm ready to go, ready to go  
So what you waiting, what you waiting, what you waiting for  
Nobody holding me back, you better watch my flow  
So what you waiting, what you waiting, what you waiting for  
I'm ready to go, ready to go, ready to go  
So what you waiting, what you waiting, what you waiting for  
Nobody holding me back, you better watch my flow

So what you waiting, what you waiting, what you waiting for  
So what you waiting, what you waiting, what you waiting for
