

## Shut Ya Mouth

Skindred

You see the difference between you and me  
Is that I like you but you don't like me  
Face each day optimistically  
Breath and talk a lot of positivity  
If anything bad it's gonna happen to me  
That not the attitude seriously  
Nah not the way to perceive it  
If they tell you so don't believe it you tell dem

Shut your mouth boy come out of here  
Shut your mouth boy come out of here we tell dem  
Do you hear me hear me hear me now  
You won't break this here's my rasied sts  
And I'm telling you no no no  
You won't break this here's my rasied sts  
And I'm telling you no no no

Taking the battle to the under ground  
We nah go hear or fear your sound  
Taking the battle to the under ground  
We nah go hear or fear your sound  
If you don't hear me then your gonna feel me right now

Suicide cant take it no more  
You don't wanna go outside your front door  
Take a breath and you will be free  
What you think that what you will be  
Words that you say destroy a person  
Don't feel up your head with pollution  
Anything you want you'll achieve it  
If they tell you no don't believe it  
You tell dem

Shut your mouth boy come out of here  
Shut your mouth boy come out of here we tell dem  
Do you hear me hear me hear me now  
You won't break this here's my rasied sts  
And I'm telling you no no no  
You won't break this here's my rasied sts  
And I'm telling you no no no

Taking the battle to the under ground  
We nah go hear or fear your sound  
Taking the battle to the under ground  
We nah go hear or fear your sound  
If you don't hear me then your gonna feel me right now

Well greedy does what greedy does and venom it will talk  
My mamma used to tell me not to play inna de dark  
You see it's in your actions and the way you carry on  
Your like a lollipop against the blazing sun

I been there I done that I smoked that one  
So you better watch your mouth before you bite that tongue  
Now on judgement day where the wicked ah go run  
So I hope that mouth is just a phase my son

You blab blab here and you blab blab there  
Your run that mouth like you just don't care  
And your get worse when you've had a drink  
Coz your carry on like your shit don't stink

You don't want this no no  
You better clip those wings no no  
You better change them tings no no  
And watch out for sharks yeah
