

Unstoppable

Skindred

Hatred is a thing that makes the other one hurt
Life and living everyday we ah fe work
Life is great and I don't appreciate
That you're trying to bring me down
Inside a crazy world of hate

You cannot do it man you done know
You can't do it now
Anything they throw at me
I'm gunna get through it now
If I try a ting you say
I will not do it now
Standing on the edge
It's time to let you know

You tried to take me down before
Say oh lord I will not take it no more
You tried 3 times, take another piece of my life
Nobody told you that

I'm unstoppable

You cannot take away my life with your collision now
You're trying to murder me just like the original
Say venom it ah come from your tongue it's terminal
Face it, taste it, time you've wasted

Anything I try you say
I can't do now
Standing on the edge
It's time to let you know

You tried to take me down before
Say oh lord I will not take it no more
You tried 3 times, take another piece of my life
Nobody told you that

I'm unstoppable

I'm unstoppable, I'm unstoppable
I'm unstoppable, I'm unstoppable
I'm unstoppable, I'm unstoppable

You say it in your words
No matter what I hear you say

I'm unstoppable, I'm unstoppable
I'm unstoppable, I'm unstoppable

If I could be one word
You know I'd be the word
Unstoppable

No bodder stand in ah me way I'm unstoppable
Come round ya you'd get a bitch lick probable
I run away you know that is impossible
Pussyhole come we ah go tell them once again

No bodder stand in ah me way I'm unstoppable
Come round ya you'd get a bitch lick probable
I run away you know that is impossible
Pussyhole come we ah go tell them once again

You tried to take me down before
Say oh lord I will not take it no more
You tried 3 times, take another piece of my life
Nobody told you that

I'm unstoppable

I'm unstoppable, I'm unstoppable
I'm unstoppable, I'm unstoppable
