

Cruel Blade of the Guillotine

Skinless

Pummeling hoards, sharpened steel
A darkness falls across the fields
Bludgeoning and blunt
Cold and corrupt
Lead to the alter
Placed and erased

No hesitation
Dumped in a ditch
Barely covered
Onto the next
Of annihilation
Less mouths to feed
Less disease to spread

A slice away from freedom
A step away from life
To a place much worse
Existence that you've lead

Vicious mob, sharpened steel
Eclipse of fate across the sea
Frozen and sealed
Cold and corrupt
Lead to the alter
Placed and erased

No hesitation
Dumped in a ditch
Barely covered
Onto the next
Of annihilation
Less mouths to feed
Less disease to spread

Obliteration would be kind
Suffering slowly
Flailing, failure
Unknown numbness
Stabbing aimlessly

Sharpened to perfection
Crafted with intent (steel falls)
Heated in a searing flame
Truth exceeds the pain

CRUEL BLADE, Bludgeoning and blunt
CRUEL BLADE, of the guillotine
CRUEL BLADE, Cold and corrupt
CRUEL BLADE, off with their heads
