

Exacting Revenge

Skinless

When the time comes
When the fields burn
As the sun sets
Breathe in a final breath
As the floods come and the rain falls
Winds of failures stench

Shifting mindset
Sands of time
Ground from bone
Hands of man

From optimism
To defeat
Crashing ideas
Of idolatry

When the knife pulls
Across your throat
As the numbness
Sets upon your lips
And the warmth
Sets in
Then a bitterness
Frigid fall

Forgotten ways retold
Barbarity re-imagined
Igniting a new inferno
Ancient measures renewed

Slitting every deities throat
Exposing every lie
What once has given you comfort
Lifting the disguise
Falsified stories led you to this place
Arrival to expose the truth and relieve this disgrace

Fleeting fantasies, laid to rest
Surviving fallacies, put to death
Rapid decimation, slowly sought
Hunted, haunted, what once was...ROT

With flames, with fists, with steel
Awaiting my chance to take your life away
