Skinny Puppy

??? hate you dream sees someone going that voice  
I see I walk... releases someone...the darkened hate...  
If I were to come back and see he'll find a world ???  
all I want is intelligence  
He's gonna die? All I want is to learn  
...exist oh... she's such a sweet thing no time to wonder

...over to... no... black corner... in time  
What's your name, what's your name, what's your name  
What's your game, boy?  
No one's a judge... so many dreams, dreams...  
Locked out in the house  
Envision black room screaming  
All is this inspiration calling back  
To my bedroom eyes we'll see again

...no one to no they no they won't...  
All that way all that way all that way  
Fame, fortune. fame fortune fame fortune  
No more fail safe ways  
My friend no more time to play alone  
Creeping the crawl down trod speed this place ...hurts?  
Back to my...??? This new mansion oh, watch this way!

...hates...dreams speaks...came back...back?...  
The fortune and the fame better  
Watch out fade away  
Mo time for the fame  
Missed the boat  
Better wash it away wash it away
