Skinnyfromthe9

(I gotta go, I gotta go, get this dough  
On the road, she call my phone, leave me 'lone  
Don't want that ho, don't want that ho, look)

I gotta go, I gotta go, and get this dough  
On the road, she call my phone, but leave me 'lone  
Don't want that ho, I'm on the road, I gotta go  
And get this dough, and get this dough, you know, you know

They say I changed up, had to get this paper  
I don't want no favors, girl, I been a player  
And now you know, you know, you know, you silly ho  
Don't call my phone, I get this dough, I get this dough  
Yeah, my life is so amazing, seeing all these faces  
My life is really changing, I'm all around the world  
I got all these different girls tryna call me  
I got all these different girls tryna call me

I gotta go, I gotta go, and get this dough  
On the road, she call my phone, but leave me 'lone  
Don't want that ho, I'm on the road, I gotta go  
And get this dough, and get this dough, you know, you know

Man, I gotta get this dough, I'm not fucking with these hoes  
Wait, wait, I get the money regardless  
What are they talkin'? Bitch, I be ballin'  
Bitches be fallin' whenever they see me, yeah yeah  
They be like, "Skinny, didn't we see you on the TV?"  
Never thought this would happen  
I had a dream, and it started with some rappin'  
'Member they was laughin'  
(Now bitch, look, I'm laughin')

I gotta go, I gotta go, and get this dough  
On the road, she call my phone, but leave me 'lone  
Don't want that ho, I'm on the road, I gotta go  
And get this dough, and get this dough, you know, you know
