

# Make Me Feel

Skip Marley

Yes, it's the biggest  
Yes, it's such a beautiful day  
Uh, in such a beautiful way

All the lessons, all the blessings  
All the beauty that you are  
Satisfaction is my reaction every time I'm near your heart  
Can you feel it, know you see it  
So many people in pain  
Thank Jah for the love we share (Lordy, Lord)

Even though it's rough out there  
No one knows, seems no one cares  
You give me hope when none is found  
Life is short, time's running out

Let's make this a good life  
Even through the bad times  
Nothing can kill this vibe  
As long as I feel the way you make me feel

Rozay  
Window shopping, not for nonsense  
I love a women who's sexy and confident  
I wanna read your mind, yes, I really need your time  
Silk fleeces, Jesus pieces, here's my memoir, I need your thesis  
After I've read chapter 5 in the s-six, still side by side  
Yes, I told her that her future bright, yes, depending how you move t  
onight  
Yes, come and kick it with a big shot, yes, you really live it or you  
kick rocks  
Yes, swimming pools heated, yes, court side seated  
Yes, see me when you see me  
Fat pockets but I'm seated with the vegans, yes

Let's make this a good life  
Even through the bad times  
Nothing can kill this vibe  
As long as I feel the way you make me feel

You give me hope when none is found  
Life is short, time's running out

Let's make this a good life  
Even through the bad times  
Nothing can kill this vibe  
As long as I feel the way you make me feel
