

Bullet

Skip The Use

Hey do you know why I'm feeling so fine
I wanna kill her
I wanna kill her
I use to belong to her it's strong in my mind
I wanna kill her
I wanna kill her

Love and hate are not really this far
I know what you got, I know you want more
That's why I have decided to shut the door

She's like a bullet in my head
She's trying to kill me again right now!
It's true you make me feel insane
I wanna be my...
I dont' think so

Yes I've been hurt and feel like the dirt
I wanna kill her
I wanna kill her
I use belong to her but can you feel the pain
I wanna kill her
I wanna kill her

Love and hate are not really this far
I know what you got, I know you want more
That's why I have decided to shut the door

She's like a bullet in my head
She's trying to kill me again right now!
It's true you make me feel insane
I wanna be my...
I dont' think so

Should I live, Should I live, Should I live, Should I
live, this way

Ho why are you doing this?
Ho why are you doing this?
You are unbelievable, really unacceptable
Life with you is possible? I don't think so!
You are unbelievable, really unacceptable
Life with you is possible? I don't think so!

That's why I have decided

She's like a bullet in my head
She's trying to kill me again right now!
It's true you make me feel insane
I wanna be my...
I dont' think so
