

# Cali

[Skip The Use](#)

It's not a party by the revelation  
I'm all against this institution  
Let me tweak this with my lips  
Psychodelic, [?]  
If you gimme money

I will try to make it clean  
But it's always the same

Darkness surround me...  
Darkness in my city...

Baby, take it easy and get ready for a ride  
I come from Cali  
I come from Cali

Baby, take it easy and get ready for a ride  
I come from Cali (Cali!)  
I come from Cali (Cali!)  
Yeah, this is my only place, this is my only place  
I come from Cali (Cali!)  
I come from Cali (Cali!)

([?] get ready!)

It's not a main game  
Just a bitch fame  
Just a bitch claim  
I'll coming back with my friends  
I'm obscene and insane  
I broke my chains  
[?] on my veins

Darkness surround me...  
Darkness in my city...

Baby, take it easy and get ready for a ride  
I come from Cali (Cali!)  
I come from Cali (Cali!)  
Yeah, this is my only place, this is my only place  
I come from Cali (Cali!)  
I come from Cali (Cali!)

Baby, take it easy and get ready for a ride  
I come from Cali (Cali!)  
I come from Cali (Cali!)  
Yeah, this is my only place, this is my only place  
I come from Cali (Cali!)  
I come from Cali (Cali!)
