[Skip The Use](#)

You wanna be gotta be the worst enemy  
A tragedy, an agony, where is my family?  
They should tell me life is my remedy  
I wanna be gotta be with the wrong energy

You are the fake that we are facing  
We take the base, they gonna be late, renegade  
So we create, we race in the shade  
We fuck your rules, thanks god we're cool

Kids are dabbing in the basement  
Oh god we're cool  
Losers are sweating in the pit  
Oh god we're cool  
Kids are dabbing in the basement  
Oh god we're cool  
Losers are sweating in the pit

We got nothing to lose, whoa  
We are we are damn cool, so damn cool  
We are we are damn cool  
We gotta break the rule, whoa  
We are we are damn cool, so damn cool  
We are we are damn cool

This is my story, call it live a life, die  
Why am I so messed up 'cause I fucked up my mind  
I gotta be wanna be just their worst enemy  
I wanna be gotta be with the wrong energy

Kids are dabbing in the basement  
Oh god we're cool  
Losers are sweating in the pit
