

In For The Kill

[Skip The Use](#)

I woke up today, I'm on a mission
Like a knife tearing through confusion
Fuck of says the girl in the mirror
Pull me in your arms make me shiver

I'm gonna play a wicked game,
I'll never be the same again
Oh! Nevermind

I'm gonna play a wicked game,
Nothing scares me anymore
Oh! We'll be fine
I'm in for the kill

I can feel your fingers all over my body
And I'm drowning in ecstasy

I'm gonna play a wicked game,
I'll never be the same again
Oh! Nevermind

I'm gonna play a wicked game,
Nothing scares me anymore
Oh! We'll be fine
I'm in for the kill

I'm gonna play a wicked game,
I'll never be the same again
Oh! Nevermind

I'm gonna play a wicked game,
I'll never be the same again
Oh! Nevermind
I'm in for the kill

I'm in for the kill
I'm in for the kill
I'm in for the kill

I'm in for the kill
