

PIL

Skip The Use

Talking shit, smilin' in my face
Nothing counts but their cash interest
It's written in their i never read
Middle finger high in the air

Yeah we gonna keep on dancing
We gotta fight, fight for the livin'

Everything is changing, no reason why...
Only the strong should survive
My president is a liar
Hate is scaring us like wire

Yeah we gonna keep on dancing
We gotta fight, fight for the livin'

That's me on your back, in your dreams, in your head
I'm your hate, I'm your best
I'm the next fucking sound in your head!!

Yeah we gonna keep on dancing
We gotta fight, fight for the livin'
