Slaughter

Skip The Use

Pick up the poison, I can hear you coming through
Destroy the reasons to believe I was pure
Nothing seems to save me, my mind battles my body
All those things inside me, who really cares if I'm bleeding?

Getting peaceful, yeah, you know I want it
And you know it's true
Darkness is so close, oh God, I miss it
And I miss you too
Getting peaceful, yeah, you know I want it
And you know it's true
Darkness is so close, oh God, I miss it
And I miss you too

I'm losing myself, arms upon the ledge
I'm cut in the flesh
Are you insane? Is it a game?
Oh god I'm dancing with myself
Am I insane? Just for the fame
'Cause I can feel it in myself

Getting peaceful, yeah, you know I want it
And you know it's true
Darkness is so close, oh God, I miss it
And I miss you too
Getting peaceful, yeah, you know I want it
And you know it's true
Darkness is so close, oh God, I miss it
And I miss you too

I regret the love, the past
The hate, the good, the bad
The mistakes, I'm
I'm not the only one
I regret the love, the past
The hate, the good, the bad
The mistakes, I'm
I'm not the only one
I regret the love, the past
The hate, the good, the bad
The mistakes, I'm
I'm not the only one
I regret the love, the past
The hate, the good, the bad
The mistakes, I'm
I'm not the only one
