Hey you wanna test my law
Kill me baby me baby one more time
Make some noise here we go
I wanna be this trouble man
Yes I'm back with my dead rock posse
I never come alone
Mankind's in the party
til' the end of this bloody song

You are the law
I wanna be this trouble man
You are the law
I wanna be this trouble man

I wanna be this trouble man
Oh baby please, kill me one more time
I wanna be this trouble man
Oh baby please, kill me one more time

I wanna be this trouble
kill me one more time
I wanna be this trouble
kill me one more time
I wanna be this trouble
kill me one more time
Kill me one more time

Hey you wanna test my law
Kill me baby me baby one more time
Make some noise here we go
I wanna be this trouble man
You say no

You are the law
I wanna be this trouble man
You are the law
I wanna be this trouble man

I wanna be this trouble man
Oh baby please, kill me one more time
I wanna be this trouble man
Oh baby please, kill me one more time

I wanna be this trouble
kill me one more time
I wanna be this trouble
kill me one more time
I wanna be this trouble
kill me one more time
Kill me one more time
