

A & D Freestyle

sKitz Kraven

Ok I'm never hiding
Keep the Barretta on me
When I'm feeling violent
Homie I'm never silent
5150 they give me
When I'm arriving
Padded room
Double sided
Sucking my dick
Now she choking
She need the himlick
High as a fucking pilot
Covered in drugs
When I fly
But ain't gotta hide it
You know I'm flying private
This ain't no Con Air
But I bet I make your head see air
My bitch look like RiRi
But got goodies like Ciara
Sucking all on my dick
Till her pretty face
Covered in mascara
My moms always said I'm a star
Now I wear that shit on me like a sheriff
Aye
I don't fuck with no police
Aye
Enemies are deceased
Aye
If you wanna hang with me
You gotta have three bodies
On your hands at least
Aye
I don't give a fuck about you
Never gave about all them there neither
Nah
Who's that bald ass white boy
That be spitting all the ether
I need a feature
You wanna learn how to rap
Need a teacher
He's on the bleachers
I fuck the teachers
Em is a king
But sKitz is a reaper
I gotta move out the scene
Before I make me a scene
Cuz this Hollywood scene is too toxic
I keep on seeing these women
That turn into whores
Just to open a door
But ain't got it
Your girl better take her hand off me
I don't want that hoe
She a goblin
Pussy rotten

I don't give a fuck about you
I don't wanna hear about your problems

No Petey Pablo
I'm just out here looking for a freak that leaks
She got vitamin A, B, C, D
Her pussy taste like peach
Freak in sheets
Never knew her name
But I know what she looks like on her knees
She just cooks and cleans
With double D's
She always waits on me
I don't give a fuck about your
Baby momma
Your momma
Or baby
I'll just make the bitch
Get bended knees
Her mouth look just like rabies
In enemy blood I'm bathing
This medicine made me crazy
I got rings on top of rings
My whole damn team treat me like Brady
Yeah huh
That's right
My music hit like crack pipe
She heard that I only kill at night
Make sure to get your facts right
You're so doomed right now
I'll shoot up the room right now
I'll get your squad swept
I'll bring out the broom right now
I'm lit like Christmas
I do what I want
I say what I please
Cuz I got a big dick
I'm smelling your blood
Like I am a shark
And you just a big fish
I'm taking big shits
I'm locked and loaded
I'm armed and dangerous
