

# Auto Pilot

sKitz Kraven

I crashed the scene  
I'm high as fuck  
That's why I'm smiling  
I'm so fuckin geeked up  
I feel like my high is timeless  
Any drug I'll try it  
Turnt up to the max  
I been drugged out for three days  
So there's no tellin if I'll crash  
I'm on auto pilot  
Popped a bean on the scene  
I'm on auto pilot  
I've been up for damn near three days  
I'm on Auto Pilot  
I'm so gone  
That I don't drive  
Hit the cruise control

I just popped four molly's  
Now I'm rolling on that cruise control  
I'm turnt up to the max  
Like my whole team just won the Super Bowl  
I'm super cold  
I met a girl that's geeked up  
So I scooped the hoe  
And brought her back to my place  
We snorted that cain like we in a race  
I walk inside the party  
Grab some party  
Now I'm geeked up  
I'm sitting living lavish  
On my thrown kickin my feet up  
I'm just G'd up  
I called my plug  
And told that folk to re up  
I need them boomers grab my tooter  
Feel my body heat up  
I might just catch a case  
The way that pussy all in my face  
I hear the base  
Turn it up  
Turn it up  
Turn it up  
Thirty grams all in my face  
I need a place where I can stay  
Cause I ain't driving home tonight  
The cocaine's on the table  
I'm gon need my nostrils tonight  
I'm moving to the perfect height  
Turnt up to the third degree  
Hostility  
I see these haters but there ain't no seein me  
Ha ha ha  
Laughing at ya  
Kraven in the kitchen  
Water whippin up the plaster  
God damn he's a bastard

I crashed the scene  
I'm high as fuck  
That's why I'm smiling  
I'm so fuckin geeked up  
I feel like my high is timeless  
Any drug I'll try it  
Turnt up to the max  
I been drugged out for three days  
So there's no tellin if I'll crash  
I'm on auto pilot  
Popped a bean on the scene  
I'm on auto pilot  
I've been up for damn near three days  
I'm on Auto Pilot  
I'm so gone  
That I don't drive  
Hit the cruise control

The yay got my heart thumping  
And pupils big as pumpkins  
I'm so high  
Can't even function  
I'm a beast just like Tim Dunkin  
My five toilets you'll be plunging  
Eat my shit  
It ain't no lunch in  
And I stay boomin and bunkin  
You can call that a conjunction  
I'm a hit ya with the heater  
And your girl I might just eat her  
The way we fuck  
You'll think I beat her  
And my dick I'm gonna feed her  
I'm the devil  
Your the preacher  
Your the student  
I'm the teacher  
Like my song  
Can't even feature  
I'm a legendary creature  
I just ate a quarter shrooms  
Now I'm trippin  
Bong still rippin  
Double cup I'm still sippin  
My bitch still trying to roll  
Climb the pole  
If she ain't fuckin  
I'm a go  
Walk out the club  
I'm geeked as fuck  
And I ain't tippin  
Got it twisted bitch  
Hey fam you got the blunt  
He said I just twisted it  
My life is like a movie I'm just living  
I'm just livin it  
Lick the bean right off here clitoris  
I'm motion picture rich  
I picked your bitch  
She wanna feel the highest  
We on auto

I crashed the scene  
I'm high as fuck  
That's why I'm smiling  
I'm so fuckin geeked up  
I feel like my high is timeless  
Any drug I'll try it  
Turnt up to the max
