

# Body

sKitz Kraven

I hold it down  
For my day ones  
I hold it down  
Like a fucking G  
She wanna fuck  
Baby I said hold on  
First you gotta learn  
To fuck with me  
She just wanna party  
I told Brownie  
Bring the lines out  
Always keep a quarter  
Cause it always brings  
The dimes out  
I know she got a husband  
I just hope he doesn't find out  
Cause we gon catch a body tonight  
She said baby hold my hand  
I said I'd rather be alone  
Skinny dippin in this water  
But this water straight patron  
I got people tryna find me  
I just feel like Al Capone  
Need nobody tonight  
Might catch a body tonight

I got a temper  
Shawty I might catch a body tonight  
My medications been adjusted  
I don't feel like I'm fine  
I got these people tryna find me  
Grab my drugs then I hide  
They tryna smile to my face  
Then stab my back from behind  
Yeah I don't love her  
How she love me  
All she do is hear lies  
She got a husband she don't love  
And all he do is hear cries  
She wants the fame  
She wants the drugs  
That's why she stick by my side  
They tryna kill me  
I ain't dumb  
That's why the stick by my side  
For real

I hold it down  
For my day ones  
I hold it down  
Like a fucking G  
She wanna fuck  
Baby I said hold on  
First you gotta learn  
To fuck with me

After she gone be stuck with me  
She wanna love a G  
For real  
Let's get lit shawty  
Show me what you're really about  
I got a thang for ya  
You know what I really want  
She feed him double lies  
When she arriving home in the morning  
She wanna  
Come around and ride it  
Cause she know where I'm going  
I got a big bag shawty  
Yeah you know what's inside  
She a bad bitch  
That's hypnotized by all of the lights  
Yeah yeah  
I just meet her  
When I get off flight  
She wanna kick it on a Saturday night  
She know I got what she like
