sKitz Kraven

She Boof
I know she just after my money man
She Boof
She ain't gonna get a thing from me man
She Boof
I just wanna fuck but she just wanna lay
She Boof
She say she a freak but she making me wait
She Boof

I know she just after my money man
She Boof
She ain't gonna get a thing from me man
She Boof
I just wanna fuck but she just wanna lay
She Boof
She say she a freak but she making me wait
She Boof

She thinking she cool
But really she boof
I just wanna fuck her
She think she my girl
But really she's not
I may have another
She's hated by many
Nobody gon love her
Not even her mother
The bitch is a tease
She'll drop to her knees
Then tell me to hug her
Bitch what the fuck

Stupid lil bitch
Quit wasting my time
We fuckin or not
You say you a thot
But really you not
You boring as rocks
You talking about sex
While rubbing my leg
I'm hard as a wrench
But once we get home
You talking that game
But you on the bench

Saying you just wanna cuddle
Go grab a blanket let's snuggle
I say okay
But once we do that for a bit
I'm just over that shit
So I'm ready to slay
Bay

Start kissing your face
Then you grab my hand
And you say we should wait

What
Bitch shut the fuck up
I ain't tryin to date
Do not turn this to rape
Nah
I couldn't do that
Heroine
I couldn't move that
Well riddle me this cause I did
I never been punked by a bitch
You know I'm the shit
No I do not want your pussy
You just want a man
To take care of your kids
Trick
Ignoring when you call
I hope you get fucked up
For giving me blue balls

She Boof
I know she just after my money man
She Boof
She ain't gonna get a thing from me man
She Boof
I just wanna fuck but she just wanna lay
She Boof
She say she a freak but she making me wait
She Boof

I know she just after my money man
She Boof
She ain't gonna get a thing from me man
She Boof
I just wanna fuck but she just wanna lay
She Boof
She say she a freak but she making me wait
She Boof

I don't care if I can hit or not
Your mom should have swallowed you
Down her throat
When you came out of your father's cock
What you thought
I was gonna to treat you
Like the woman we both know you're not
You're a thot
And a thot comes after everything else
So to me you're an after thought
What we do if you boof chick
Yaw

She tryna play me like she ain't gone do it Word on the street
She's off of Lake Street
In the backwoods
So her heads get'n wood straight to it
No no no too late to save face
Cause we all got face
And we all ran through it
Like jigga man said
You got some regrets
Don't trip girl all hoes go through it
Confuse the mess
And for that I blame your dad

Deuces up minus one when you pass
Giving brain by the dumpster
So it only makes sense
I associate you with trash
You're a bad runny block for a running back that's why we run through you
And never run it back
Say you don't play Hakki sack
With his cock in the sack
Girl that's a sack of crap

No dough from me
I won't even pay you attention
Richard Gere swag in here
But no pretty women
I ain't lie'n you know what I say is true
Dismiss you
Thought you had me fooled
But we both know the truth
Bitch you boof

She Boof
I know she just after my money man
She Boof
She ain't gonna get a thing from me man
She Boof
I just wanna fuck but she just wanna lay
She Boof
She say she a freak but she making me wait
She Boof

I know she just after my money man
She Boof
She ain't gonna get a thing from me man
She Boof
